# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on FEBRUARY 20, 1977
  - Export Shipments in  
Current Marketing Year
  - Daily Sales Reported  
FEBRUARY 21-27, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of March 3, 1977 (based on reports from exporters for the week ending February 20, unless otherwise noted):

Wheat: Sales activity remained in the doldrums for the fifth consecutive week. The only notable purchase was made by Japan. Sales to the USSR increased slightly as more than 20,000 metric tons (MT) of Hard Red Winter were shifted from unknown destinations. Sales for the next marketing year (MY) increased by 43,500 MT. Under the daily reporting system, the USSR switched 61,000 MT from 1977/78 to the current MY.

Corn: Sales activity picked up, with the European Community (397,100 MT) and Japan (124,500 MT) making significant new purchases. USSR purchases increased by 26,700 MT on a shift from unknown destinations. Under the daily system, a sale of 200,000 MT to East Germany for 1976/77 delivery was reported. The Netherlands added 25,400 MT to their 1977/78 purchases.

Grain Sorghum: Sales activity continued modest. Japan was the largest customer, registering some new purchases, switches in destinations and the assignment of the U.S. as origin on some optional origin sales. Belgium was the only other significant buyer, almost all a change in destination. The pace of exports picked up sharply, totalling by far the heaviest so far this MY.

Rice: Commercial rice sales were fairly strong. Iran and Saudi Arabia added to earlier purchases as this region continues to be a very important market for U.S. long grain milled rice. Sales to unknown destinations were large for the second week in a row. Weekly export activity picked up, running the heaviest since mid-December.

Soybeans: Net new sales continued moderately heavy with the EC, Spain, Japan, and Taiwan accounting for over 95% of the total. Sales to Romania of 36,800 MT represented their first purchase of the MY. Changes in destinations reduced sales to the USSR by 34,000 MT. Actual exports picked up, totalling the heaviest since late November.

Soybean Cake and Meal: Sales activity continued to decline. Eastern Europe, the major customer, bought 41,900 MT while total sales to the EC rose by 17,500 MT. Exports, although modest, were higher than the previous week.

Cotton: Sales, rebounding sharply from the slow period of the last 3 weeks, reached the third best level this MY. Korea was the only country to significantly increase purchases for MY 1976/77, whereas Korea, Japan, and Hong Kong bought for MY 1977/78. Record exports of 144,500 RB were reported with Japan, Egypt, Korea, Bangladesh, and Hong Kong the principle destinations.

Soybean Oil: The only significant activity was the sale of 19,000 MT to Pakistan.

Barley and Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS  
For Week Ending February 20, 1977

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.

March 3, 1977
